

Chago & Trinette April Prayer Letter 2007

Dear Friends,

We are excited to say hello and share the goodness of God. Those of you reading this letter, we thank you for your concern and prayers. The Lord has given us the greatest life, to live a life of serving Him. It is our hope that you enjoy the same in your part of the world.

Macedonian Christian Academy

This school year was a very different one for us. We have seen students grow, fall, and rise again. The journey of discipling young people is such a joy. There are times of discouragements, but we have learned to thank the Lord for those. The difficulties and conflicts have really helped us to rely on Christ all the more.

Parents Bible Study

This area of our ministry is an encouragement. We have been finding it difficult to meet on a regular basis due to the many activities. When Trinette and I walk away from one of our sessions, we always comment on how much we enjoy praying and sharing the goodness of God "one with another". The family that we have seen the most committed has been the Guerra family. Their commitment has really shown in their children. We have seen Zack (their oldest) really mature spiritually. We feel strongly that the parent's commitment to God is evident in their children. We thank Christ for our growth together in the Bible study.

Seniors

The group we have this year is very special. They have really grown in their faith. We have six seniors this year. There are three that have committed to attend a Christian College (Sergio, Tim and Oscar). The seniors have been so transparent with us during Bible studies, leadership council, and individual counseling. We have invested a great amount of time into this group. We cherish every moment we have with them since we know these are our last moments to be with this senior class.

Mission Teams

The school has gone through some great changes. We had a church from Michigan come and construct a new classroom. This classroom was needed desperately. We immediately moved the Jr. High class into the room and split the High School. This has really brought about a lot of much needed relief and made for a better academic environment.

Juan and Rachel

Many of you know that Rachel is pregnant again. We rejoice to let you know she is doing well. We are consistently praying for her and hope that the Lord will let this baby be born healthy. The baby is due the third week of July.

Intern Program

We have been praying patiently for an internship program in our ministry. The Lord has given us two wonderful servants, Emily Zaiser and Erica Power. They both are graduates of Christian colleges and excellent additions to our staff. Most of all, we benefit from the added potential to reach our families and students.

They have gifts in teaching, writing, and organization that have really made us more effective.
