Dear Friends,

Things continue to press on with the ministry here. It is encouraging to us that God has sent us people who in their own words "just want the Bible." Almost all of them are very young in the faith. Good solid Bible teaching is a precious commodity anywhere, but hard to find here. We are trying to fix that. ☺ I just finished going through the book of Galatians and started in 1 Timothy.

Last week one of the churches here invited us, along with 3 other new church plants to their Father/Son dinner, and it was a great time in the Lord. One of our church planters that came out of Mormonism gave his testimony, as did one of the deacons that has grown up on the field and is helping in a new church plant, and then I was able to bring the message.

Like that deacon, one of you may want to move here and live, just to be a Christian presence serving the Lord in this new work. We also enjoy interns that come and get their feet wet in ministry here.

You can be praying in regard to another first. We hit the mountains for a church wide camp out and had a great time together. It was great to have the men together engaged in serious discussion concerning things of the Lord. We also, had some good time with a number of folks that we have not been able to visit with before.

Please, also pray in regard to one of our families that has decided to divorce. This is a heavy thing for our little church body. Personally, I have worked with this family for about three years and honestly this is very hard for me. I consider both of them good friends, but the husband is just unrepentant in some very serious issues.

We appreciate you. Feel free to call (801-644-3739) or write any time.

Your Co- Laborer,
Frank Phillips
